The Parish of Swaledale with Arkengarthdale supported the Busoga Trust during their Harvest giving of Autumn 2010 and received a hand written note from the charity in November thanking them for the "terrific!" donation of £1013. The Busoga Trust is a small charity that works to support people through clean water and improved sanitation throughout Uganda. The thank you letter went on to say that the money would help **"169 more people to gain access to clean water and good hygiene".**

As the floods last month in Australia and Brazil reminded us; wherever we are in the world, water is a basic human need and we do very badly without it.

Should you be inspired to investigate further this small worthy charity and perhaps donate yourselves their web site is www.busogatrust.co.uk

NEW SPORTS FACILITIES - LATEST STATE OF PLAY

Middleham and Dales Local History Group

Many of you have enquired as to when the new pavilion and MUGA will be ready for use. Our latest prediction is around the end of April providing that there is no further extreme weather in the meantime. We were originally on target for completion at the end of November but an unexpected delay in getting the electric supply to site combined with the bad weather thwarted all our efforts. I assure you that no one is more frustrated by the delay than the committee after all the battles that have been fought. But let's be positive - it will happen! Interest has already been expressed in playing tennis and bowls as well as five-a-side football. If you are keen to play any of the sports, or help with running any section, please contact the following:-

- Tennis - Kim Dickinson 886971
 - Bowls - Derek Pollard 884728
 - 5-a-side Football (Seniors) - Steven Porter 884799
 - 5-a-side Football (Juniors) - David Williams 884650
- and of course the main senior and junior football clubs and the cricket club are always looking for more players. For football contact as above, for cricket speak to Jonathon Simpson 0771 5993567. Thank you for your patience and generosity over the last few years. A further announcement will be made when the opening date is known. Derek Pollard

'All human life...'- exploring the North Riding Quarter Sessions Records - with Ellen Tout, North Yorkshire County Record Office archivist. Spring course of 3 workshops beginning on Tuesday 15th February at 2 pm at Middleham Key Centre and continuing at 2 pm on 22nd February and 1st March. These three sessions will provide a unique chance to interact with North Riding Quarter Session court **records in a "hands on" way under the** guidance of Ellen Tout, a professional archivist at the County Record Office. The subject matter will be of great interest to anyone keen to learn more about local people and about some of the personal and communal crimes taking place in the area during the 18th and 19th centuries. Following **an introductory talk on the 'All human life'** cataloguing project, workshop members will have the chance to transcribe some Quarter Session jury warrants. These warrants are interesting documents listing the names, abodes and occupations of those members of society who were considered suitable to act either as members of the Grand Jury or the Traverse Jury. The fee for the 3 sessions is £10 for members and £20 for non-**members to include a year's membership of** MDLHG. WENSLEYDALE DECORATIVE AND FINE ARTS SOCIETY

Mining Art

The rich culture associated with coal mining is unique amongst the heavy industries. Until recently part of its priceless legacy, mining art, has escaped attention. In *'Shafts of Light: the Phenomenon of Mining Art'* Robert McManners scrutinises the significance of this imagery and analysis the motives of the artists who produced this powerful body of work. Robert, himself an artist, will speak at Wensleydale Decorative and Fine Arts Society on Tuesday 8 February at 2.00pm in Middleham Key Centre. His enthusiasm for coal mining stems from his upbringing in Ferryhill, in the centre of the Durham coalfield. His publications include *Shafts of Light - Mining Art in the Great Northern Coalfield*; *McGuinness- Interpreting the Art of Tom McGuinness*; and with Gillian Wales, *Quintessential Cornish - life and works of Norman Cornish*. Non-members are welcome at £5 per lecture, pre-booking is essential, membership and further information is available from the Membership Secretary, tel. 01969 624203.

Citizens' Advice Bureau debt service faces the axe and needs public support for further funding

Personal debt of residents of Hambleton, Ripon and Richmondshire has soared in the past year with the increase in essential living costs. The CAB fears vital advice services will now be lost to those most in need following Government spending cuts from 31 March 2011. The Financial Inclusion Fund (FIF) project based at the **Citizens' Advice Bureaux delivers debt**

advice to enable people to better manage their finances. The total debt addressed by the project topped £6.5million in 2010 assisting over 360 people with an average of over £18,000 debt each, between January and December last year. People are urged to contact their local MP to support further application for CAB debt advice funding in the local area. Imminent loss of this service will be a great blow to the local rural communities over the wide areas which it covers as Money advice can help prevent debt ruining lives. The bureaux have up to a six week wait for specialist debt advice due to the great demand for the service, although many clients benefit from emergency debt advice which can be given at very short notice. The CAB is a free confidential unbiased advice service which is able to advise a wide range of people who get in contact with pleas for help. In recent weeks alone, the FIF debt advice project has dealt with clients aged 20 to 76 years old, with debts of between £700 to £190,000, and with monthly household incomes of £200 to £5,000. Currently many people need urgent advice due to their experiencing a change of circumstances outside their control and major expenditure shocks to their personal budgets. Many households with higher incomes and large mortgages are now in financial crisis and need money advice due to the impact of the recession, People who have sought money advice from the bureau have often reported a vast improvement in their ability to cope with their finances and being more able to plan for their **families' future.**

HIGH BLOOD

PRESSURE - HYPERTENSION

In the coming weeks you may see the **above logo 'Find the 5,000'** appearing in the media. This is a campaign aimed at people over 40 in the North Yorkshire area **who haven't had their blood pressure** checked in the last 5 years. The aim is to find the 5,000 people across North Yorkshire who could be at risk of hypertension - otherwise known as persistently high blood pressure. Whilst at Reeth Medical Centre we routinely offer a blood pressure check for the 40+ age group, there may be some of you out **there who rarely attend, and haven't** considered a BP check. High blood **pressure doesn't usually have any obvious** symptoms but people over 40 years old tend to be more at risk. If you have high blood pressure it means that your heart has to work harder to pump blood around your body. Over time, this can weaken your heart. The increased pressure can also damage the walls of your arteries, causing them to be blocked or an artery to split. Ultimately this can lead to heart disease, heart attack or stroke. Without wishing to frighten people witless, it might help if I explain how all this works.

What Is Blood Pressure?

Blood pressure is the amount of force or pressure that blood exerts on the walls of the vessels as it passes through them.

Why Is It Important?

As blood is pumped from your heart into your blood vessels, enough pressure is created to send it to all other parts of your body. As blood vessels travel away from the heart, they branch off and gradually get smaller, just like the branches of a tree. One branch may go to the brain, while another may go to your kidneys. Blood pressure keeps the blood flowing through all these branches so your body's cells get the oxygen and nutrients they need.

What does having my Blood Pressure taken involve?

Measuring blood pressure is quick and painless. A fabric cuff is wrapped around the arm and then inflated so it becomes tight. This forces the blood pumping through the veins to be under pressure briefly, and a stethoscope is used to listen to the sound of blood rushing back through the artery. The doctor or nurse then reads two numbers from a gauge attached to the cuff as air is released. The first number is read when a thumping sound is first heard (systolic pressure). The second number is when the thumping sound is no longer heard (diastolic pressure). This can also be done electronically with the aid of a special machine, giving an accurate calculation and digital reading of blood pressure. The two numbers that measure blood pressure are recorded as a fraction: one number on top (systolic) and one on the bottom (diastolic), eg: 120/80. The top number measures the pressure inside your

blood vessels at the moment your heart beats. The number on the bottom measures the pressure in your blood vessels between heartbeats, when your heart is resting.

Why am I at more risk now I'm over 40?

As we get older the small blood vessels in the vital organs are most affected over time, particularly in people who have high blood pressure. These blood vessels become scarred, hardened, and less elastic, meaning that they are more likely to get blocked or rupture (leading to organ damage or even failure). This is why maintaining a normal blood pressure is an important part of reducing the risk of

A heart attack

Organ damage (such as the kidneys)

Stroke.

It's not all bad news, however, as modern medicines are very effective at controlling high blood pressure, but as always, prevention is better than cure and this is why the 'Find the 5,000' campaign is so important. So don't delay. If you are over 40 and haven't had your blood pressure checked in the last 5 years, just give our Reception a call and book in.

All the best - Mike Brookes and the Team

PARKINSON'S UK

As many people know I have Parkinson's disease and in a self-help manner I made my New year's resolution to raise at least £1000 for Parkinson's UK this year. I have started to make some plans for events to raise this amount. The first event is on 5 February at the Buck Hotel where the Artyfacts are giving a second

performance of their excellent cabaret and they have kindly agreed to give all the profits from the evening to Parkinson's UK. The ticket price of £17 includes a 3 course meal and the evening entertainment. Tickets available from the Buck Hotel - be quick they are going quickly. On Friday 25 March at Fremington Sunday School there will be a quiz night with supper and good prizes for the winning team. The cost for this is £5 per person and again any profit made will go to Parkinson's UK.. If you can't make the evening then any contributions towards the supper or for raffle prizes will be gratefully received. A good evening is guaranteed for all! I am also going to try and do a sponsored walk of the Herriot Way - a walk of 52 miles. I am hoping to do this over a week in June/July. If anyone would like to join me that would be great and nearer the time I shall be asking for sponsors. People who want to take part can contact me on 880110 or e-mail jenny@greensyde.orangehome.co.uk. Many thanks for reading so far and I hope you will help support me in trying to raise money to be used to find a cure or alleviate the symptoms of this disease. Many thanks, Jenny Curtis.

19 students from the School of Theatre Dance, Reeth performed in the pantomime "Mother Goose" at the Georgian Theatre Royal twice daily from 8th Dec. until 9th Jan. Pictured are: Eva Midgley, Joseph Hughes, Megan Lundberg, Amy Lewis, Isla Teasdale, Emily Hughes.

60' Night In Reeth

Many thanks to every one who came to the 60's night in Reeth. We made £600 for my "Rug Aid" work in The Gambia. Considering the weather was thick snow we had a great turn out. Luckily our entertainer Max Peters made it. He was wonderful, such a good voice and we laughed our socks off. Many came dressed up in true 60's spirit. A special thank you to every one who gave raffle prizes. The Buck Hotel were the stars of the night they gave their time and venue for my cause. the pie and peas supper was superb, beautiful home cooking making

the night a huge success. The Rug Aid 60s Disco has been added to your YouTube videos at <http://www.youtube.com/watch?v=0mnL1ERecVA> Heather Ritchie

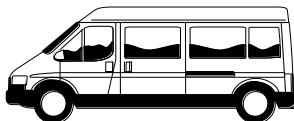

Crime in the Two Dales

Over the festive season and New Year crime figures have been relatively low. Constant poor weather conditions have resulted in several reports of road traffic collisions. In the past five years 30 people have been killed and nearly 800 injured because of drink driving. If you suspect anyone of committing such an offence the number to ring is 0845-60-60-247 or contact us at Leyburn police station. There have been two incidents of quad bike thefts one in the area of Gunnerside and **the other in Barden. Please don't hesitate** to call us if you see a Quad being ridden in a manner that raises your suspicion. In Grinton a window to the ladies public toilets has been smashed. Two enamel sinks were removed from Hurst and later found smashed. Three suspect males in a vehicle were seen in Keld and a suspect male in a van was sighted in the area of Ellerton Abbey. Due to rising costs in heating oil and diesel we would advise you to do regular checks as the theft of which has risen in some other parts of the **country. We are continuing with the 'Lock it or Lose it' campaign that aims to** encourage everyone to leave vehicles secure whilst offering crime preventative measures and advice to all. Many thanks for all your support and reports of suspect vehicles and persons in the area.

Reeth and Gunnerside Schools

Reeth and Gunnerside Confederation has got off to a snowy start to the Spring term but with only a little disruption to 'normal service'. (so far!). We have many exciting plans for the classes in the weeks to come and staff are already planning trips, visits and activities. We have a performance poet coming to work with all the children next week, free brass instrument lessons are continuing for Year 4 pupils all term and there are plans being prepared for Year 5 and 6 to attend a climate-change conference in a few weeks time. There are also plans in place to start a Chess club and a Touch Typing Club. **That's just a small sample of the activities** on offer. Have a look at our website to catch up on all we are doing visit: www.reethandgunnerside.org.uk. There is one aspect of our work this term that we really need your help with. Year 5 and 6 are going to be doing some geo-caching. It enhances their learning in ICT, Maths, Geography and Literacy and gets them outside exploring the amazing landscape we live and work in. To make the most of the opportunity they need mobile phones with GPS capability. Did Santa bring you a new mobile? Can you possibly donate the old one (minus SIM card) to Year 5 and 6? If so we would be very happy to hear from you. As always we are happy to see anyone who would like to take a look around school and see what we do. Just get in touch with the school office and come and visit. The children look forward to seeing you.

MELBECKS SOCIETY

After having had to cancel our December talk and supper due to the weather, we

were delighted to host George Edward Brown at the Melbecks Society in January. **His talk, entitled 'Building a Life in Swaledale' was both fascinating and very** funny. Meetings are on the second Thursday of each month between October and March starting at 7.30pm at The Institute in Low Row. Visitors and new members are always welcome. MESSAGE from the SWALEDALE
MUSEUM in REETH

Happy New Year everyone. We are back in the swing of things and already working hard to prepare the Museum for opening at Easter. Don't forget the Friends of the Museum Talks are now at Fremington Sunday School. Until April we will begin at 2pm. On 9th February Janet Bishop will be giving the 3rd annual John Hardy memorial talk on 'The Coal Families of William Gill' which will be packed with lots of local and social history. The following month on March 9th Chloe Parker, will talk on 'Through the Dark Ages on a Hogback'. This will be a must for all those archaeologists out there. Thanks to the contacts of one of our key volunteers we have the opportunity to visit the geology and archaeology collection at Wathgill, and hear a talk introducing it from Phil Abramson, Archaeology Adviser to the DE Environmental Team. If you would like to come along, let me know and we will arrange a date. We are delighted that our local schools are making use of our resource boxes, one containing lots of items connected with World War II has just gone up to Gunnerside School. Meanwhile we are helping the 'Lambing Live' team with this year's filming which will concentrate on Swaledale sheep. We are also busy assembling items for this season's exhibition 'The Needlewoman's Treasure - necessary accessories for needlework'. We are looking for interesting pin cushions, needle cases, thimbles etc to include from local sources. Do get in touch if you feel you could be parted from your treasures between 21st

May and 13th August. Thanks to our partnership with the new photography team 'Inside Out' we are working to show their stunning work in 'Treasures from Underground'. This exhibition showcases some of their stunning photographs taken down our local lead mines. Their work captures the drama of these extraordinary creations, the next best thing to going down oneself! Connoisseurs of the mines will find new details, identify change over time, while newcomers like myself will be amazed at the colour, the beauty and the grandeur. A series of events are planned alongside this show, so watch out for dates. For further information or to be put on our mailing list contact Helen Bainbridge, Swaledale Museum, The Green, Reeth, North Yorkshire DL11 6QT. Tel: 01748 884118. See our website www.swaledalemuseum.org for the most up-to-date information.

THE TWO DALE'S GARDENING CLUB

It was a cold, slippery afternoon on January 10th when the members of the Gardening Club gathered to welcome the curator of Kiplin Hall, Dawn Webster, who arrived to talk on the development of her gardens.

She began with a slide of the hall as it stands today, a Jacobean House built in 1620 by George Calvert who was Secretary of State to James 1st. The house has remained the property of the family members, passing through the Calvert family during the 17th century, on to the Crows in the 18th century, Carpenters in the 19th century and finally to the Talbot family. The last member who owned the Hall was Miss Bridget Talbot who set up a charitable trust to maintain the house and grounds in 1968.

We were shown old pictures and prints of the Hall and grounds as they were altered over the years. The land once owned covered 5000 acres, but now covers 150 acres. The gardens were largely laid out to the present pattern by a member of the Carpenter family in the 1890s consisting of large areas of woodland, a lake, walled gardens, a lily pond and a rose garden.

The original glass houses are being rejuvenated where once melons and pineapples were grown and much work has been done to clean out and restore the lily pond which was very overgrown. A tree planted by a member of the Crow family still stands near the house and the old neglected topiary hedges are being cut back into shape including one shaped like a fan tailed peacock.

The grounds are tendered by Chris Baker

of Arkengarthdale who is helped by a group of volunteers, who as well as looking after the gardens, produce pleasant woodland walks which especially in Spring produce carpets of snowdrops and aconites.

Dawn Walker gave us an enthusiastic account of the history of the gardens with many pictures taken from the archives up to the present day. Afterwards an interested audience produced some thoughtful comments and questions and we left feeling that we had had a very pleasant and informative afternoon on a cold and wintry day.

Our next meeting will be on February 14th when Christa Perry, Haytime Project Officer from the Yorkshire Dales Millenium Trust is coming to speak to the Club on her work. You are most welcome to come and join us.

MUKER AND MELBECKS PARISH COUNCILS.

Muker and Melbecks Parish Councils require the services of a Parish Clerk to begin on April 1st 2011. Remuneration to be agreed. If interested please contact Jacqueline Pealing on 01748 886767.
