### SOMETHING FOR EVERYONE AT DALES COUNTRYSIDE MUSEUM

The Dales Countryside Museum in Hawes has launched its events programme for 2013 and there is something for everyone. The first exhibition at the Museum, which is owned by the Yorkshire Dales National Park Authority (YDNPA), is showcasing the top 20 photos selected from the hundreds entered into the Authority's 'Your Yorkshire Dales: a snapshot' competition. The exhibition runs to February 27 but the photos will still be on display in the building until the end of September. The competition was launched last year to accompany the development of the new Management Plan. The aim was to find out what people thought were the most important qualities of the National Park and they were invited to back up their visual entry with a brief written summary of their thoughts on what the area should offer for residents and visitors alike in years to come.

Museum Manager Fiona Rosher said: "We have a large selection of events planned for the year - old favourites and new additions too. "There will be chances for people to try their hand at a range of different arts and crafts and there will be plenty of activities that we hope will bring to life the amazing cultural heritage of the National Park." Ian McPherson, the YDNPA's Member Champion for Promoting Understanding, said: "The Museum contains a treasure trove of items and information about this fantastic National Park and gives visitors a chance to learn more about what makes it such a special place." The Museum is open daily from 10am to 5pm and all the exhibitions are free and events are included in the Museum entry price (£4 adults, £3.50 con, free for under-16s) unless otherwise stated. **Events for arch are:**

**WENSLEYDALE  
DECORATIVE AND FINE ARTS SOCIETY  
THE COLOUR OF HEAVEN**

Where did the blue in medieval manuscripts come from, and how did the glaziers of our Gothic cathedrals make their blue glass?

Why doesn't the Virgin Mary wear green, and why is Krishna painted blue?

The Ancient Britons tattooed their bodies in a blue dye, and in a Parisian gallery 2,000 years later, Yves Kline painted his nude models blue and dragged them across his canvasses. **Out of the Blue: the Story of Blue in Art**, on Tuesday 12 March, takes us to the lapis lazuli mines in Afghanistan, the indigo dyers in Africa, and the studios of Titian, Vermeer and Chagall. As a professional artist herself, Alexandra Drysdale makes particular note of contemporary artists using blue; James Turrell's *Skyscapes* in an inactive volcano, Bill Viola's videos in Durham Cathedral, and Ann Hamilton's *Blue Jeans* installation.

Alexandra Drysdale has been painting and exhibiting work since graduating with a first in Fine Art from Chelsea College of Art in 1985. She has recently undertaken an artist's residency in Australia and her lectures aim to open people's eyes to the language of painting in a practical and imaginative way. This Wensleydale Decorative and Fine Arts Society lecture is on Tuesday 12 March at 2.00pm in Middleham Key Centre. Non-members are welcome at £5 per lecture, pre-booking is essential, membership and further information is available from the Membership Secretary, tel. 01748 886545.

**UPPER SWALEDALE CHRISTIAN  
AID GROUP AGM**

Our AGM is on Monday 11<sup>th</sup> March 2013 at 2.00 pm at Low Row URC. Everyone is welcome to attend.

Last year the North East was blessed with very generous Christian Aid supporters who continued to raise thousands of pounds for our partner organisations abroad. So, throughout Lent we ask you to 'Count Your Blessings'. Lent is the perfect time to reflect on how fortunate Christians are in the UK and to stand in solidarity with the poor. A leaflet, 'Count Your Blessings' is designed to help people count their blessings during Lent and give to help people out of poverty. It is available in printed form, through the Christian Aid website and also as a new free app from the Apple App store or Google Play. For more information visit [www.christianaid.org.uk/lent](http://www.christianaid.org.uk/lent). The Christian Aid week service will take place on Thursday May 9<sup>th</sup> at 7.30 pm at St Mary's Church Arkengarthdale prior to Christian Aid Week from May 12<sup>th</sup> - May 18<sup>th</sup>. The theme is Bite Back at Hunger and the focus of the service will be on Bolivia, Kenya and Zimbabwe showing how if certain things are done, communities can grow enough food. We need volunteers for the House-to-House Collection in May. If you are interested in helping in any way please contact Pauline Oldershaw (886790) or Susan Allison (884366) Pauline Oldershaw, Secretary Upper Swaledale Christian Aid Group.

## REETH AFC

The second game of 2013 saw Reeth at home to second in the table The Buck Inn from Richmond. Reeth had already lost to the Buck early in the season 2 -1, losing then on a failure to defend set pieces. A goal mouth scramble on 15 minutes and The Buck took an early lead, good work down the left side by Joe Woodhall and a cross in to Tom Wallis to score and Reeth were back in the contest. A long throw in from The Buck and the resulting goal saw Reeth trailing 2-1 at half time despite having much of the play in the first half. The second half saw a resolute Reeth team take to the pitch to dominate the play for most of the second half. A well taken free kick from Lewis Stabler into the box and John Williams headed the ball into the back of the net to even the score. Several chances were wasted before Tom Wallis hit the post but he wisely followed up for a second chance and hit the rebound to make it 3-2. With a full bench the manager had the luxury of putting fresh legs on the pitch to keep the momentum going and the decision paid off. With 10 minutes to go a cross from John Williams and Stevie Bainbridge hit the back of the net with a first class diving header. All was not to go Reeth's way however when the goal was disallowed for offside, a poor refereeing decision made from the half way line which even the ref acknowledged after the game. Reeth's defence held steady and with several more chances squandered the final score remained a 3-2 win. Man of the match Craig Swainston. With only one game played in January and a postponed cup match the first game in February was away at Catterick Rovers. Reeth dominated the first half, Shaun Charlton opening the scoring in the first 10 minutes with a well taken penalty. This was

followed within 5 minutes by Stevie Bainbridge scoring, following some good 'one-two' passing with Tom Wallis. A break down the wing by Joe Woodall saw his cross pick out Danny Plumb's feet to make it three for Reeth, before Catterick Rovers scored their first. A second goal from Charlton gave Reeth a comfortable 4-1 lead at half time. In a total reversal from what we are now used to seeing, in the second half Reeth stepped off the pace and allowed Catterick back into the match. With Reeth forgetting to play as a unit Catterick made the most of their chances and pulled the score back to 4-3, the referee's final whistle coming not a moment too soon. All we need now is the same quality of play in both halves! Man of the match Joe Woodall. Supporters are always welcome at games, or if you want to follow Reeth's results, statistics or view future fixtures visit the web page  
For the current position in the league please see page 12.

Tony is back by popular demand as the tutor for a new course and this time, in addition to providing an update on his research, he will also offer advice on the best sources and methods that anyone can use to research the history of their house. Dr. Tony Nicholson is now retired and is currently completing a book based on the discoveries in his attic. For many years, he was a Principal Lecturer in History at the Teesside University and a National Teaching Fellow. **The fee for the 3**

## MELBECKS PARISH COUNCIL MEETING

January 31st 2013 Low Row Institute

**Highways** The Council was advised that Highways would be investigating the blocked drains at Low Row to Peat Gate and Blades and that hopefully drain cleaning would resolve the flooding problems. They also advised that the missing grit heaps were now completed and that the Highways Inspector would arrange for the pothole near the Institute to be repaired. However, Highways also advised that the road markings would probably not be able to be done yet, unless the weather conditions improved. The Clerk was instructed to contact Highways to advise that the condition of the road outside the Institute has deteriorated and that the potholes and gutters on the road up to Blades are again causing concern. Also that the hole in the wall out of Gunnerside opposite the water treatment works has not been repaired. Parking at Gunnerside The Council was advised that the line painting would go ahead in the Spring. **Landslip at Gunnerside** The Council was advised that following correspondence with WJ Emms, the responsibility for the remedial work following the landslip was that of the Estate, and work had already commenced to complete this. **Change of address** The Clerk asked for a letter to be signed by the signatories of the bank account in order to complete the change in correspondence address. **Richmondshire Area Committee Meeting** The Council was advised of a meeting of the Richmondshire Area Committee to take place on February 7th at Catterick Leisure Centre. **Letter of**

**thanks** from Great North Air Ambulance Service. **Council noted:** receipt of a letter thanking the Council for their recent donation. **YDNPA** Council noted planning permission application for change in mortar mix to 1:2:9, for Gunnerside Great Bridge. Cllr Gardner advised that this has now been granted, and work is due to commence on 4th February for 10 weeks. Council raised no objections or comments. Council noted planning permission application for Nell Tom, Blades. Council raised no objections or comments. Council noted planning permission application for Calvercote, Gunnerside. Cllr Gardner advised that this had now been granted. Council raised no objections or comments. Council noted planning permission application for Gorton Lodge. Cllr Gardner advised that this was likely to be granted following previous refusal. **Next Meeting** The next meeting will be held at Low Row Institute on Thursday March 22nd at 7.30pm.

## GRINTON PARISH COUNCIL JANUARY 2

**Remembrance Parade** County Coun Malcolm Gardner, in attendance, asked for feedback on the new arrangements for the Remembrance Day parade. Councillors felt that the earlier start time had worked well and the rolling roadblock had fitted in with public requirements. **Highways Matters** The village name sign had been made but had still not been fixed in place. Coun Gardner had arranged a meeting with a department representative to look at the problem of roadside saplings. The potholes previously reported had been repaired but  
**Cont. on page 18:**

Cont. from page 17:

many more had appeared during the winter. These would be reported along with blocked drains on Whitaside and at Summer Lodge and subsidence on the moor road. Subsidence on the main Grinton to Richmond road at Ellerton was becoming a serious problem. **Stray Livestock** There had been problems in the village with stray sheep damaging gardens and Coun Brown agreed to look into this. **Neddy House** Notice was received that planning permission for an extra dwelling in the garden had finally lapsed. **Parish Council** Coun Gardner asked for the opinion of members on joining the Ellerton parish meeting to Grinton parish council. There were no objections and Coun Gardner will put the suggestion to the Ellerton meeting and to the district council. **Yorkshire Water** The clerk and local residents would prepare a plan of the village drains as requested by Yorkshire Water.

## REETH PARISH COUNCIL JANUARY 28

**Footpath** The council would pursue the request for a footpath along the Arkengarthdale road, particularly in view of the number of parents and young children walking that way to the Memorial Hall. One of the difficulties was the number of cars parking near the corner and along to the Hall, sometimes blocking access to Reeth garage in the evening. Double yellow lines would be requested from the corner as a first step towards improving the situation. **Half Moon** 'No Obstruction' signs had been painted on the cobbles outside the Half Moon but these appeared to be in the wrong position.

**Playground Improvement** works proposed by *Pennine Playground* had been discussed but it was felt that the estimate was too high and that it would be better to ask Mr Whitehead to carry out the work himself than to take advantage of the district council's scheme. **Christmas Tree** Councillors thanked Michael Guy for putting the lights on the tree. The carol singing had raised £60.16 for Cancer Research. **War Memorial** Councillors agreed that the name of David Charlesworth should be considered for addition to the list read out on Remembrance Sunday and possibly to the War Memorial if he was found to have died on active service. **Seats** A visitor had offered to refurbish the plank seat at the end of Back Lane in memory of his late wife. There was no room for a full sized bench and the stone uprights were in good condition but the council had no objections to him replacing the seat. Quotes would also be obtained for a bench on Healaugh green which needed replacing.

**Archaeology Project** Further information was received from the local archaeology group regarding the proposed test pit project. The test pits would be supervised at all times and none would be left unattended overnight. **Street Lights** Broken street lights at Fremington were noted including one which was on all the time. **Village Clock** The clock was running slow again, possibly due to damage by ice and snow. **Mobile Skip** A mobile skip will be on the green from 9am to 1pm on Saturday, March 16, for large items of household waste such as old furniture, refrigerators, other white goods, garden waste and general rubbish. Recycling

facilities will also be available. **Village Green** Broken flags on the bandstand and in the Mews would be attended to. **Reeth Garage** Coun Blackie informed the meeting that Reeth garage would soon be returned to the approved list for carrying out taxi and private hire vehicle testing.

## PRAISE INDEED!

Everyone enjoys praise don't they? And yet we seem to hand out praise so very sparingly. We are all quick to complain when service is bad in shops or goods arrive faulty, but how often do we take the time to stop in our busy lives and thank someone for good service or for an item we have bought which has proved even better than we expected?

The staff and children of Reeth and Gunnerside Schools have had two sets of really enthusiastic praise recently which has made us very happy.

The first came from the inspectors at OFSTED who visited us just days before we broke up for Christmas. There were two inspectors who were both delighted with what they found. They praised teaching which was at least good and sometimes outstanding. They made particular mention of the very good start children get in the Nursery. They praised the Governors who do a great job in leading the school and had many kind words for me too, but their most enthusiastic praise was for our children. One wrote: 'Pupil's behaviour is exemplary; they are considerate and take very good care of each other. The other inspector wrote: 'Pupils enjoy the happy friendly family atmosphere. Their great enthusiasm and

high levels of co-operation in lessons reflect their outstanding behaviour which is evident throughout the school day.' (You can read both reports on our website at [www.reeth.n-yorks.sch.uk](http://www.reeth.n-yorks.sch.uk)).

The other praise we received was from David Laws MP who wrote from the House of Commons to congratulate us on the high standard achieved by the Yr 6 in their KS2 (year 6) SATS. He tells me the results the children achieved place us among the top performing schools in the country this year. Needless to say all feel very proud of the achievement and I would like to take the opportunity to thank my staff, who work so tirelessly to help your children be the best they can be.

Best wishes for a warmer and drier Spring! Linda and Staff.

## RICHMOND & LEYBURN EMBROIDERERS' GUILD

Richmond & Leyburn Branch of the Embroiderers' Guild are holding a meeting on **Thursday, March 21<sup>st</sup>** at 1.30 pm at Harmby Village Hall. We will be taken on an African Journey by Maggie Relph. Visitors are welcome. Ring 01748 886790 for more details.

**THE PARISH OF  
SWALEDALE WITH  
ARKENGARTHDALE  
CHURCH ELECTORAL  
ROLL**

There's sometimes a bit of misunderstanding about the church electoral roll - what it is, why it matters and who it applies to. So here is an explanation.

The first thing to clarify is that the church electoral roll is nothing to do with the local register of electors compiled by the Council. The church electoral role is a list of people who may vote at the Annual Parochial Church Meeting (APCM). It's an important part of the procedures for church representation, so its administration is taken very seriously. In this parish, Mrs Lee Lowther is our Electoral Roll Officer, the person who manages this list. If your name appears on the electoral roll, you are entitled to attend the APCM, to vote and to stand for office, for example as a Churchwarden or a representative on a Parochial Church Council (PCC). A lay person is entitled to have his or her name included on the church electoral roll, if they fulfil the requirements. In general terms, this includes being baptised, 16 years of age or over, a member of the Church of England, residing in the parish (or if not resident, habitually worshipping in the parish during the previous six months). The electoral role is also important in the qualification for marriage in a church, following banns of marriage. Everyone is entitled to marry in their parish church, but they may be entitled to marry after banns in another church, provided that their name is on the

electoral roll of that parish. To note however that a name can be added to the electoral roll **at any time** that it is required - not just at review times. The Church of England doesn't have a formal membership system as some churches do. In the absence of anything formal, the church electoral roll is sometimes used as a kind of membership list. We encourage everyone who regularly worships in one of our four churches to join the electoral roll for the parish. It is a formal way of saying that you belong. The roll is completely deleted and started afresh every 6 years and 2013 is the start of a new roll. All names need to be submitted before the review period ends on 18 March. To join the Church Electoral Roll for the Parish of Swaledale with Arkengarthdale, please contact Lee on 884473 or the Vicar on 884706 to ask for a form, or download one from the parish website

[www.swaledalearkengarthdaleparish.org.uk/](http://www.swaledalearkengarthdaleparish.org.uk/) (Parish News page), and return it to Lee or to the Vicar by post or email: [carolinejhewlett@btinternet.com](mailto:carolinejhewlett@btinternet.com)

### **BATS AT GRINTON**

Churches throughout Britain play host to bats. They are constant features in the landscape, usually contain many crevices ideal for roosting bats, are relatively undisturbed and are often located close to good bat habitat. Sometimes the bats live unnoticed, whilst in other churches bats make themselves obvious by means of droppings on the floor or furniture. Several years ago, John Drewett was giving a talk about bats in Swaledale. When it came to question time at the end of the talk a lady asked what could be done about

bats in churches. John soon discovered that the lady was Caroline Hewlett, vicar of St. Andrew's Church in Grinton. At the time it was autumn, but having just purchased an Anabat detector John took it along to the church where he left it for a few days. He didn't expect much to be active at that time of year, but once the detector had been retrieved it showed bats had been active inside the church, especially when it was raining outside! Droppings on the floor also indicated their presence. We now know that there are roosts of Common Pipistrelle, Soprano Pipistrelle and Brown long-eared bats in the church. Daubenton's hunt over the neighbouring river, but their roost has still to be located. Some advice was provided and time passed, during which a bat talk and walk was held at the church. The team who help Caroline care for the church became resigned to cleaning up after the bats and things settled down nicely. Sometime later Caroline contacted John again, this time regarding a Christian Rural and Environmental Studies project she was doing. He provided some information and suggested places to find out more and left her to it. Eventually, the rather impressive report of her project arrived.

Obviously bitten by the bat bug things didn't stop there. Building on her enthusiasm for her guests she sought out assistance from the Yorkshire Dales National Park to put together two information boards about bats - one on bats and bat conservation, the other on theology and bat conservation. In Christian terms, bats are part of creation; their existence a testament to God's relationship and love, His natural world.

Therefore we, as humans, must understand the custodial role God has entrusted to us. WE are meant to steward and care for these creatures on behalf of the Creator. Here in Grinton, we are celebrating and learning more about our resident bats and recognise their need for protection. Together with a range of publications, the bat displays are well worth seeing if you are in the Grinton area.

St. Andrew's  
Church  
Grinton.

### **ROSEMARY DAVIDSON**

There will be those in the Dales who will remember Rosemary, who, sadly died at the end of last year. She owned Castle Farm in Arkengarthdale. This remarkable north country woman acquired the house at least forty years ago, after visiting the dale when staying at the Mill. She loved the place and visited regularly each year from Cambridge. On her retirement not only did she open an Art Gallery in her Cambridge home, but she organised drama productions during the Swaledale Festival, which were performed by a company from the south in front of Castle Farm. Audiences of as many as 80 to a 100 trekked across the valley to the rather isolated house to enjoy plays, usually associated with Yorkshire, and even once a jazz concert. She created a gallery in part of the adjoining barn which she converted

Cont. on page 22 :

Cont. from page 21:

into a more personal space for herself to spend time reading or writing and enjoying the views across Calva. She held workshops, some residential, and many will remember the occasions when, instructed by experts, we collected nettles to make hand made paper, twisted chicken wire sculptures or learnt the skills of wood cutting.

Rosemary had a distinguished career in publishing. A graduate from Oxford she first worked in Germany before returning to England where she gained senior positions in Longmans and Cambridge University Press.

She wrote several books and along with her brother owned a small publishing company.

Rosemary was an intelligent, determined and successful woman, with wide interests in literature, art and the countryside. She was a warm friend to those who knew her. She was generous and had a good sense of humour which endeared her to her friends and family.

Sadly in the last years of her life her strength diminished and she depended on friends to bring her and her cherished dogs to the Dale. Each year she made a point of being here during the Reeth Show, where she donated a prize for a Swaledale Sheep.

Her last wish was to have a balloon flight over the Dales, but sadly age and illness made the dream unobtainable. When I spoke to her three days before she died in Cambridge she was still talking of visiting her beloved Castle Farm again before Christmas. Alas this was not to be.

Jocelyn Campbell

### Under 12's

On 16<sup>th</sup> December we welcomed top of the League, Richmond Town to Reeth. The majority of their players play in the Teesside League and they tended to dominate the first half but Dales' defence, particularly Joe Wilkinson, played well. Town, however, were awarded a penalty over which they made no mistake. A goalmouth confusion gave them another and a defeat seemed inevitable before Aleks Karadzic played some skilful football to pull one back before half time. A lapse in defence or perhaps overconfidence saw the Richmond keeper down well outside his area and Aleks, with support from Scott Alderson was able to get through for his second. Thomas Lillie was playing a particularly good game and it was Thomas Walker who powered a long shot into the top of the goal to put us ahead. There was end to end football throughout and Town made serious assaults right up to the final whistle but we finally won 3-2. Thomas Walker is on top form at the moment and Aleks is now back on form following an injury.

### News Item

The League have decided to split into 2 halves for the rest of the season and we will be in the top half. This will result in our playing all the top clubs again twice in the second half of the season. No more easy matches! Please watch the website for a new fixture list.

Next season we want to try and run 3 League teams and urgently need more adult help to keep football alive.

Visit our new website on [www.2dalesjfc.co.uk](http://www.2dalesjfc.co.uk).

### Julia Mulligan Puts out Plan on Local Policing

North Yorkshire's draft Police and Crime Plan was today published by Julia Mulligan, Police and Crime Commissioner for North Yorkshire.

Every Commissioner is required to produce a Police and Crime Plan, which sets out how they plan to make their area safer.

Julia's Plan focuses on:

- Reducing crime across the county
- Having more people feeling safe in their homes and in the streets
- Increasing confidence and satisfaction in North Yorkshire Police
- Providing better protection for vulnerable people and victims of crime

Julia is now asking the public for their views, so she can amend the Plan before final publication at the end of March.

There will be various routes for the public to feedback their views to Julia. The easiest way is via the website - [www.crimeplan.org.uk](http://www.crimeplan.org.uk)

There will also be public consultation events around the county, leaflets being distributed to public buildings, via Julia's Surgeries or sending their views back via freepost. Julia will also be undertaking webchats over the next six weeks - from Monday 4 February and can be accessed through [www.crimeplan.org.uk](http://www.crimeplan.org.uk)

Regarding the draft Police and Crime Plan, Julia Mulligan said, "I have worked with partners, the police and the public to produce North Yorkshire's first Police and

Crime Plan. It is our view of what we think we can improve in North Yorkshire and how we can work together to achieve it.

Whilst there are six clear themes, but you can sum up the Plan in four words: Be safe, feel safe.

We are privileged to have the lowest crime rates in the country in North Yorkshire, and I will endeavour to keep it that way. But I will also focus on helping people to feel safe in their homes and on the streets. That is why victims of crime will be a priority, as will increasing the confidence and satisfaction with the North Yorkshire Police.

However, the Plan is only a draft, and it is not yet finished. Before it can really be considered North Yorkshire's Plan, I need the views, feedback and criticisms from the general public, partners and other interested parties.

We have a website where you can find out more - [www.crimeplan.org.uk](http://www.crimeplan.org.uk) - or please keep a look out for leaflets in your local libraries, police stations and other public buildings."

### The future of computers - is there one?

Things are changing fast in the world of technology. There is a huge push by manufacturers to sell and promote tablet and phone based computer products and to begin the move away from traditional desktop and laptop computers. Wonder why - the answer is twofold but simple: money and politics!

The money argument is the simplest: Microsoft, Apple and Google all use their own online services to support their tablet products and they are a cash cow for them. This means that every time you download a paid app, music or film they get a large cut of the price you pay. Microsoft and Apple force users to use their store alone - no competition. Google has Play store but doesn't restrict you from downloading apps from elsewhere. Traditional computers (laptops and desktops) have lots of companies producing programs and applications and consequently MS, Apple and Google don't get their cut. The whole process is very anticompetitive. Politically many governments (including the US and UK governments) would like to see the power of general computers removed from the masses. This will stop lots of headaches with control issues - and both sides of the Atlantic governments hate the fact the general population has the power of general computing at their fingertips. In particular governments are under heavy pressure from entertainment industries to put a stop to file sharing of copyright material. Does it really matter? For some people probably not a lot BUT (and it is a big

BUT) all of these new tablets lock you into an infrastructure of one manufacturer and it is then difficult to break away and have choice. Add to that they try desperately to take control of your personal data - to the extent of storing all your files (pictures, documents etc.) on their own computers 'in the cloud' and charge for that service and they have you locked in in more than one way - pay up or lose your data! Having said that, there are significant differences between tablets/phones and real computers when it comes to power and flexibility. If you want to type longer documents touch screen are not at all helpful or comfortable to use. Try ring a long and complicated letter or email on a phone! There are also current issues with printing from these devices (though I am sure they will be resolved in time). The biggest difference is the use of quality software to do production type tasks - if you want to edit photos or produce home movies desktop and laptop software is far more flexible and powerful. One of the biggest worries is the change of mindset in companies like Microsoft. Many people use Word as their word processor of choice - even if it is only to write letters. Lots of people use Excel as a spreadsheet to manage home finances or run their home businesses. The latest version of Office (which contains Word and Excel amongst other options) has just been released in the form of Microsoft Office 2013. With this comes a big change in the licensing and funding models. Microsoft want home users to ideally pay £80 subscription to use office (confusing the subscription version is called Office 365) which includes both Office online applications and the full computer versions. £80 a year would allow up to five computers/users within a single household. If you have five computers it probably isn't too bad a deal - except that it

is in perpetuity! Traditionally many users buy a copy of Office and only replace it when it is so old it won't work on a new computer (I still regularly come across Word 97). If you bought the home and student DVD of Office 2010 and still use in five years time you will have saved over £400 compared to the subscription. Business subscriptions are much more expensive and more restrictive. Even worse is if you want to buy a DVD of Office 2013. In short you can't!!! Microsoft now only sell a licence key card for all versions of Office. If you buy a copy the software only installs on one device - and once installed is LOCKED TO THAT DEVICE for ever!!! If you install Office on your laptop and your computer is stolen, develops a fault or even has to be returned and replaced under warranty - you will have to buy a new copy of Office to continue using it - at full price. This is a huge change - business users could always install Office on a desktop and a laptop from a single purchase, and if they replace a computer transfer it to a new machine. Not any more - if you want to use it on a desktop and a laptop you must buy two copies, and whenever you buy a new machine as an upgrade (or even make major upgrades to your existing computer) you will have to buy a new copy of Office. Given that the pro version is £400 - this is not going to be very cost effective for small versions! My advice is avoid Office 2013 - if you need to buy a copy of Office grab a copy of Office 2010 (the DVD version - not the keycard version) while you still can. Another alternative is stop buying Microsoft Office and use a FREE office package. The one I recommend is LibreOffice (which can be downloaded at [www.libreoffice.org](http://www.libreoffice.org)) which is file compatible with Microsoft Office. **UPPER DALES FAMILY HISTORY****GROUP**

The next meeting of the Upper Dales Family History Group is at 2pm on Wednesday, March 27, in Fremington Sunday School. The speaker is June Hall on 'A forgotten emigration - Yorkshire Folk to Nova Scotia'. The talk will describe the emigration of 1772-5, from the Yorkshire Dales, Vale of York and North York Moors, to what was then Nova Scotia, Canada. Many descendants of the one thousand settlers still live in the Maritime provinces. Original correspondence, artefacts and family stories provide evidence for the little known, but extremely hazardous journeys to a new land. The Upper Dales Group is a branch of the Cleveland Family History Society; entry is free for members and non-members are very welcome at £2 each. For further details see the website at [www.upperdalesfhg.org.uk](http://www.upperdalesfhg.org.uk) or contact Tracy Little 01748-884759.
